

MESSAGE FROM OUR ATHLETICS & RECREATION COORDINATOR

As the academic year comes to a close, we are excited to share with you the highlights and achievements of our Dragons athletics program. It was a fun and exciting school year at St. George's High School! We are so thankful for the support our community provides to our students and athletes and we hope to build on this year's success into the future.

This year, we had a total of 154 athletes participating across 33 teams while representing us in various leagues and tournaments. This amounts to roughly 58% participation from our student body which confirms that athletics plays a vital role at St. George's.

It has been a great year and we are already looking forward to the year ahead.

"To play is good, to win is better, but to love the game is the best. "
